## ***Mentoring In Motion, LLC® is Working with Law Schools Across the Country to Implement its Past The Bar® Program to Their Law School Students***

West Orange, NJ (September 9, 2007) – Mentoring In Motion, LLC® is providing a solution in its *Past The Bar*® program to law schools and law school students across the country. Helping to bridge the gap between law school and the real-world practice of law, *Past The Bar*® is bringing the “business” side of law, rainmaking skills, client servicing skills and other needed tools, skills and guidance, to law school students who don’t routinely get taught these skills in law school or receive training in them when they get into private practice. *Past The Bar*® is answering the problem that law school graduates face of “Why didn’t I learn this stuff in law school, and why isn’t anyone teaching me this stuff I need to know now at the law firm? Why do I have to sink or swim on my own?”

The real-world of law practice is a very different place from law school. “We’re happy to be able to give law students the tools, skills and guidance they need to increase their chances of being happy and successful after they graduate and are attorneys.” said Janet Greenberg, Esq., one of the co-founders of *Past The Bar*®.

*Past The Bar*® is unique, the first of its kind, and offers professional development in the manner most helpful and useful to law students, practicing attorneys and their law firms. Harnessing a vast world of experience, the creators are comprised of talented lawyers and rainmakers, legal marketing and advertising professionals and attorney recruiting, coaching and training experts. Notable and distinguished attorneys, successful business people and other leaders in their fields are contributors and advisors.
